Learning Support Centre

Information for International
Students

The Learning Support Centre supports students with needs.

Goal

Our goal is to provide a learning support service to help students reach their academic potential.

We run courses, workshops and provide individual support. Find out more on the LSC website.

Student Centered

The LSC puts the student at the centre of their own learning by encouraging learners to develop an awareness of their own learning strengths and styles. The focus is on developing the skills that promote learning and critical thinking.

We offer:

- Study skills
- English for academic study
- Use of assistive technology
- LSS website with useful links
- Individual support for students with additional needs

English for Academic Study

The following workshops run every week from September to November.

- Academic writing workshops
- Academic speaking workshops (discussions, seminars and giving presentations)

See our website for dates and times.

Accessible Literature

For students who have reading and writing difficulties, the LSC can provide accessible literature and technological writing support.

For individual support contact Emma Arthur on 51831148 or emma.arthur@uis.no

Study Skills

Short workshops are combined with video online and include:

- Effective learning and critical thinking
- Managing your studies
- Getting the most out of lectures
- Effective reading and notetaking
- Developing your writing skills
- Examination preparation
