

Fringe Talk Series

With **Kacper Szulecki** on **24th Feb** at **10:30 am**

Are populists a threat to climate action?

Kacper Szulecki is a Senior Researcher at the Department of Political Science, University of Oslo and a Research Professor at the Center for Energy Research of the Norwegian Institute of International Affairs (NUPI).

He is a political sociologist (PhD 2012, University of Konstanz), specializing in European energy policy, securitization and dissent. He has recently published a series of papers on conspiracies, disinformation and populist rhetoric around the energy transition.

This event is FREE and open to the public on Feb 24, 2021 @10:30 AM
