

Abonnement på innholdsfortegnelse av tidsskrift

I flere av bibliotekets tidsskriftdatabaser er det mulig å abonnere på innholdsfortegnelser av tidsskrift. Du vil da få en email når et nytt nummer eller nye artikler er tilgjengelig. Dersom vi har elektronisk abonnement av tidsskriftet kan du gå direkte til artiklene.

Nedenfor finner du fremgangsmåte for hvordan du kan sette opp varslinger i de tre største tidsskriftdatabasene våre: Scopus, Springer og ScienceDirect. Vi anbefaler å prøve Scopus først. Her er størst mulighet for å finne tidsskriftet.

Første gang du skal sette opp varsling i en database må du opprette en bruker med brukernavn (email) og passord.

Ta kontakt med oss på biblioteket dersom du trenger hjelp til noen av punktene.
