

A significant resource base providing great opportunities

IOR NORWAY 2020 «The Challenging Barrels»

Tove Francke, Assistant Director Development and Operations
Norwegian Petroleum Directorate

Stavanger, 20 October 2020

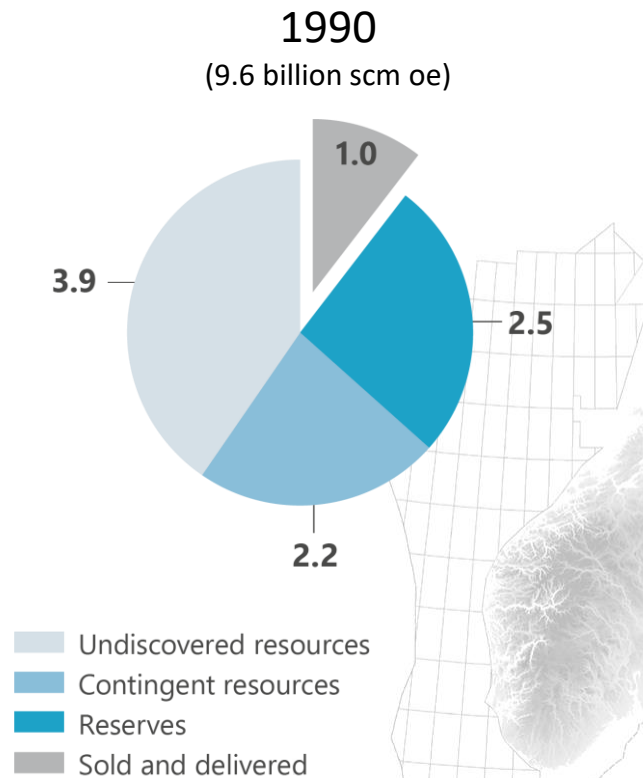

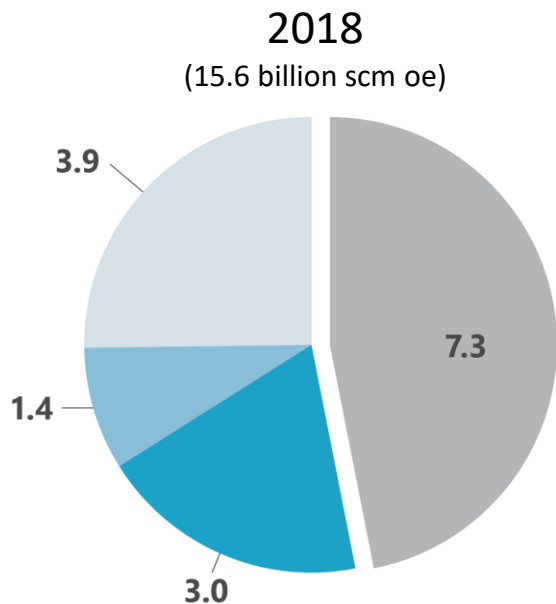

NPD`s role and objective

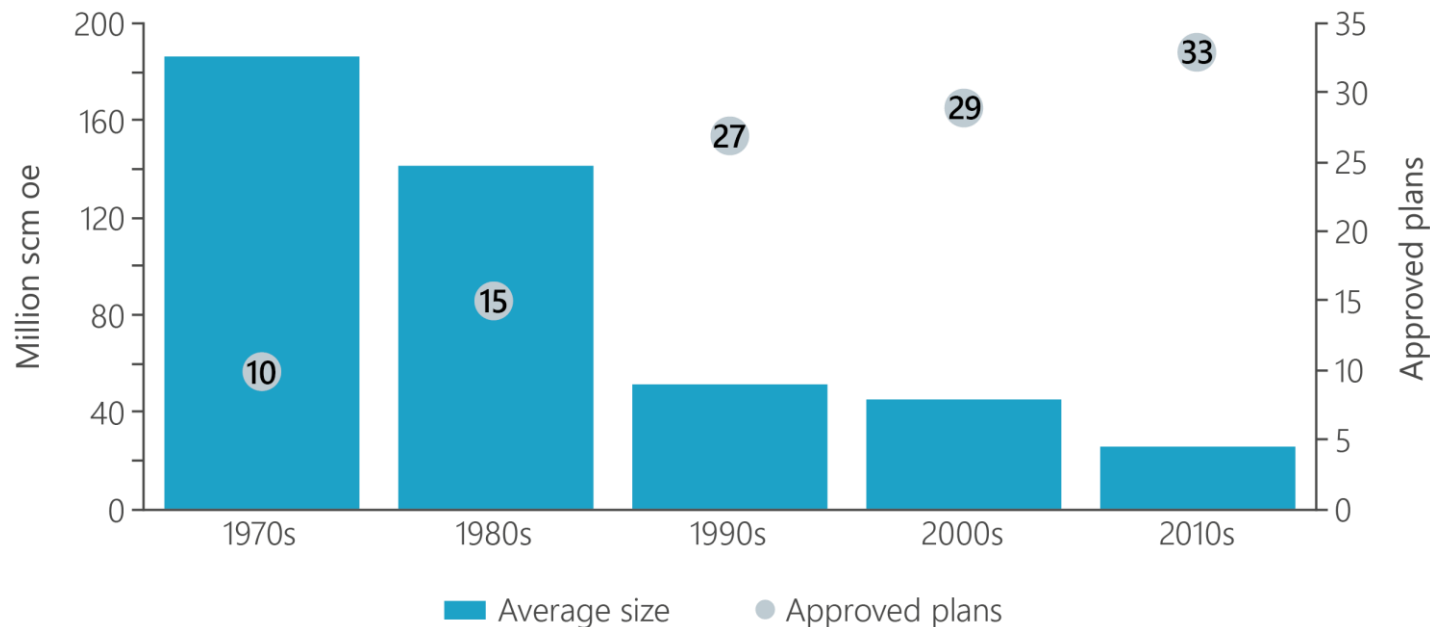

The Norwegian Petroleum Directorate shall contribute to the greatest possible values for Norwegian society from the oil and gas activities through efficient and responsible resource management, where health, safety, the environment and other users of the sea are taken into consideration.

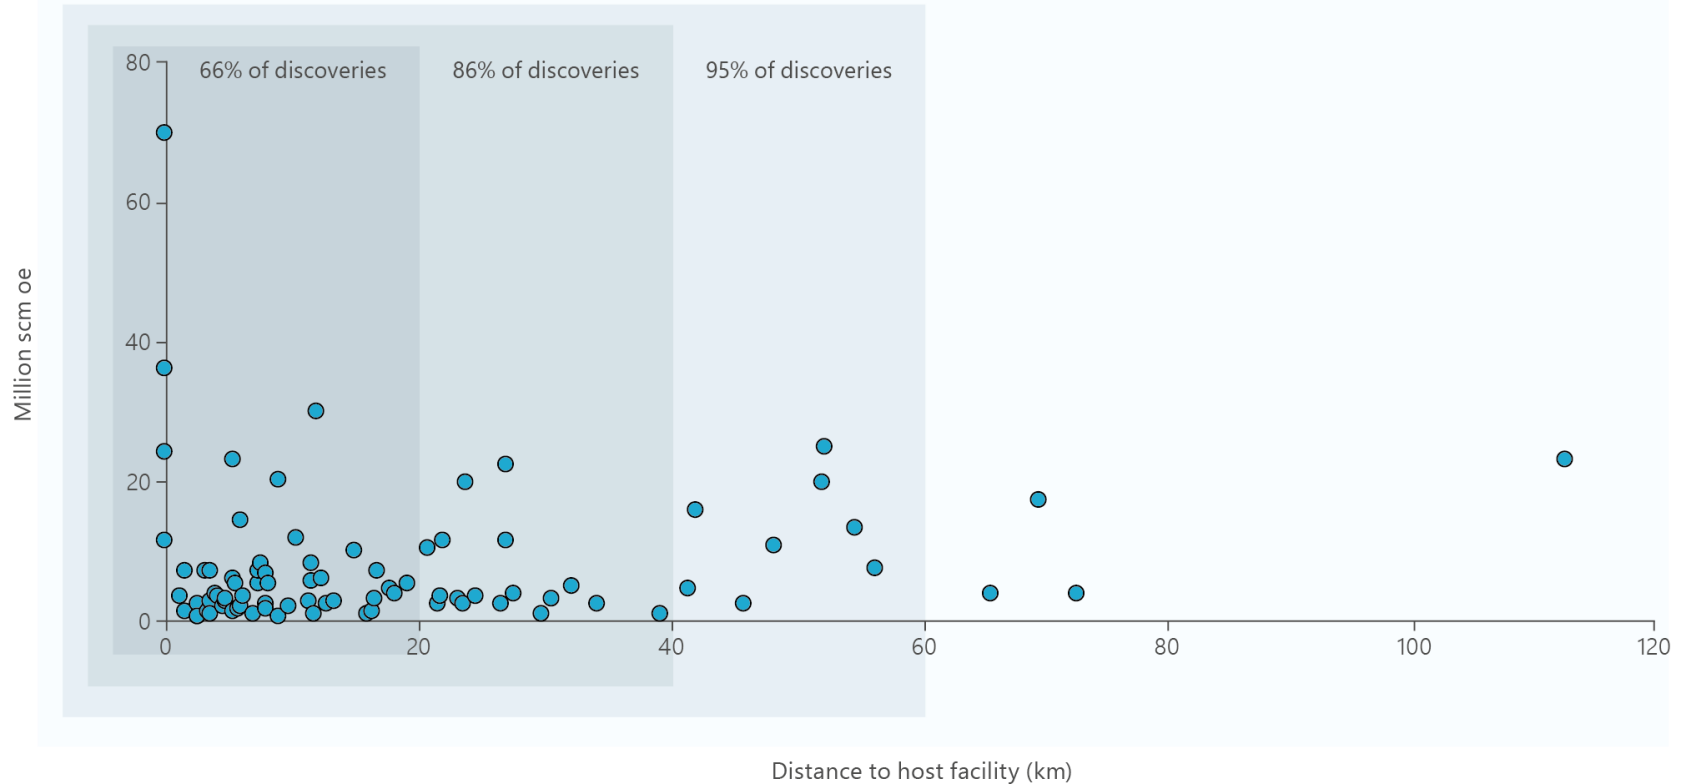

Value creation - Long-term perspective - Cooperation

More than half remains

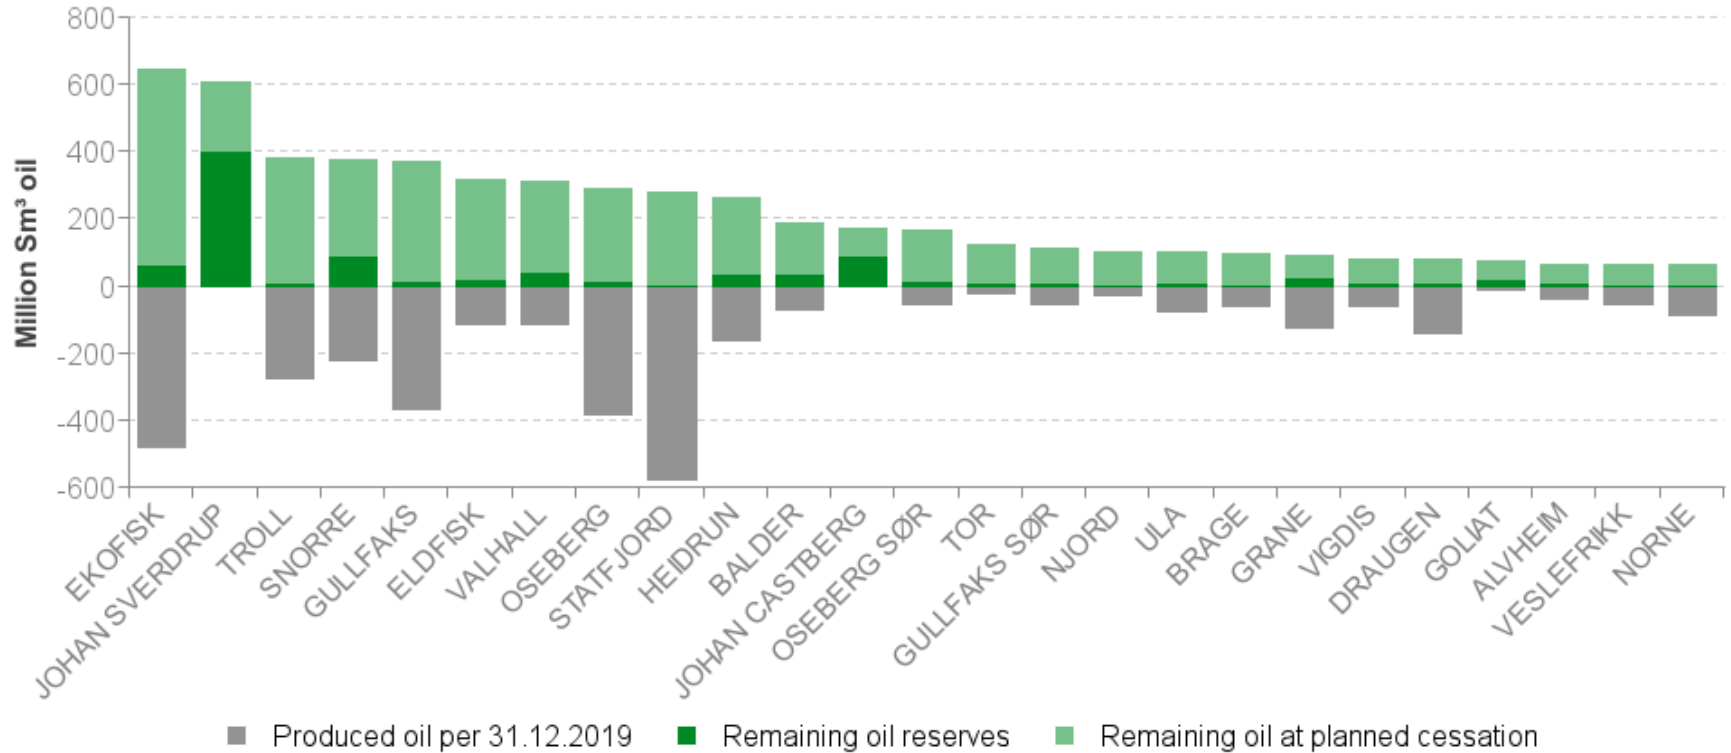

Profitable development of smaller discoveries

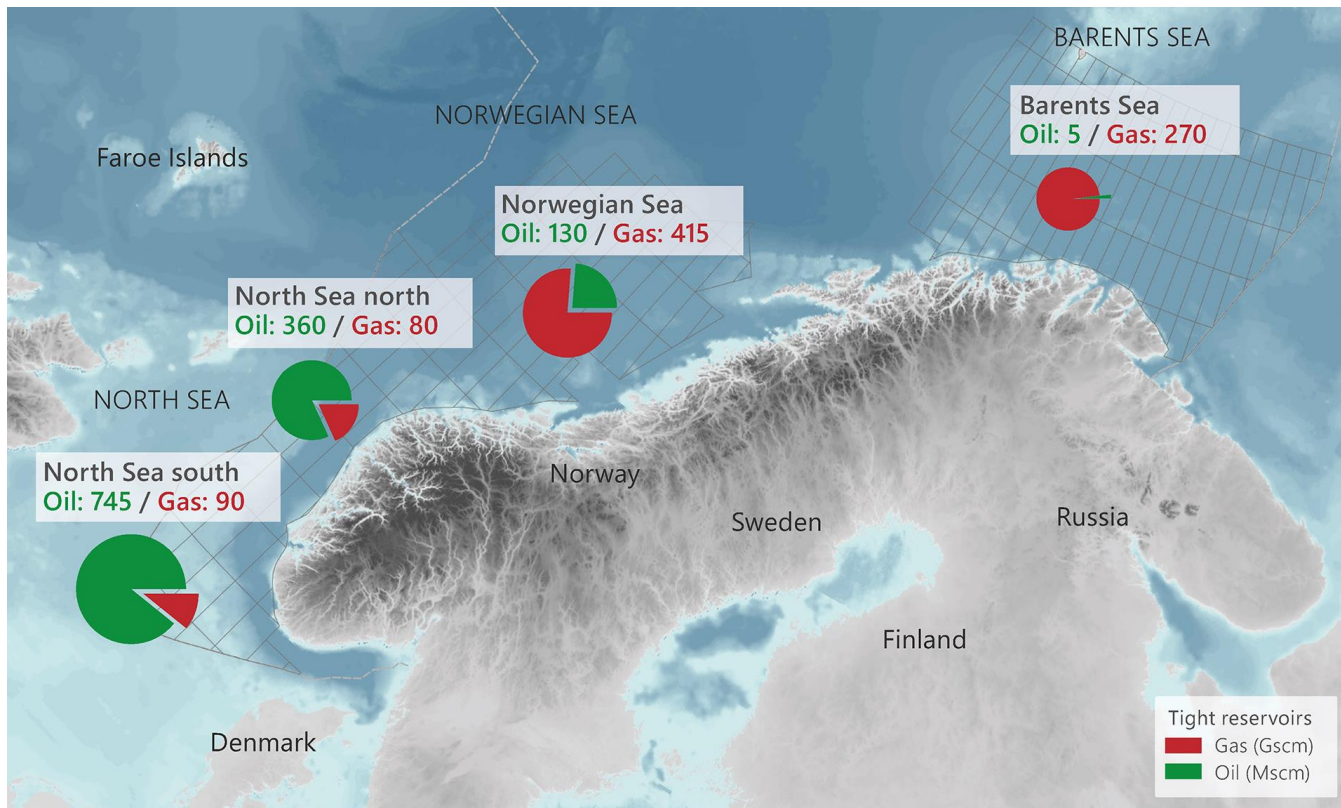

All socio-economically profitable resources should be produced

A lot of oil and gas in tight reservoirs

Significant EOR-potential – numerous viable methods

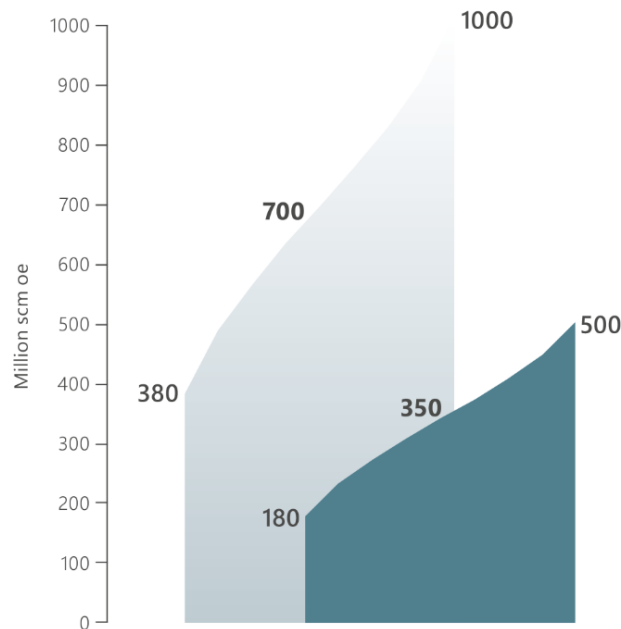

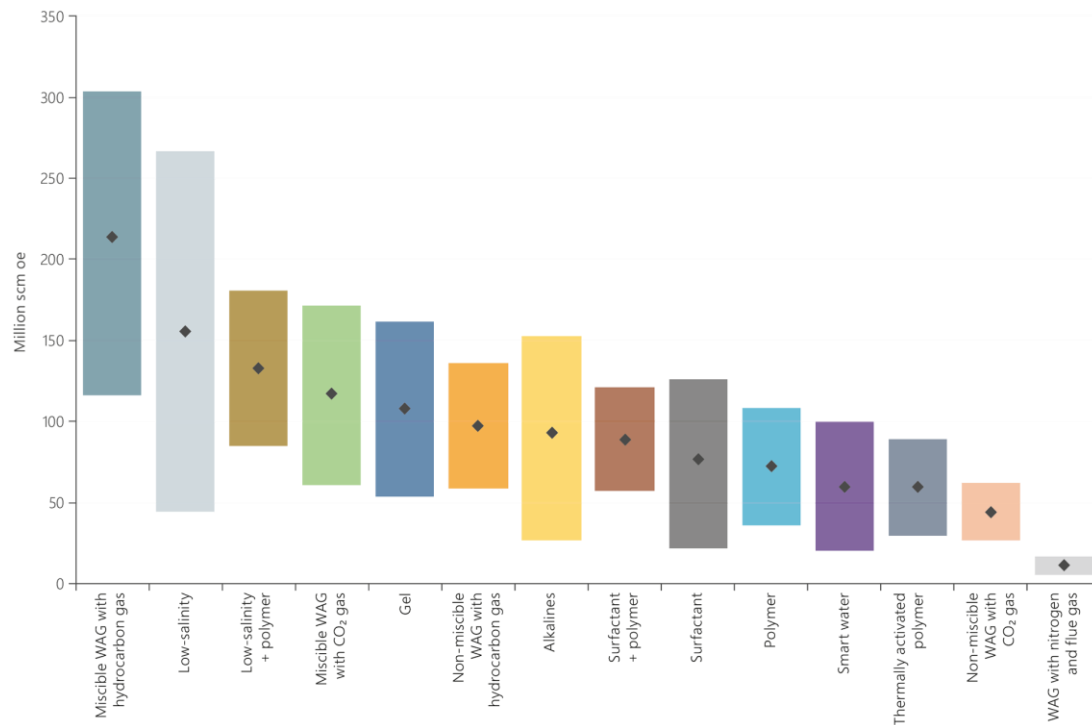

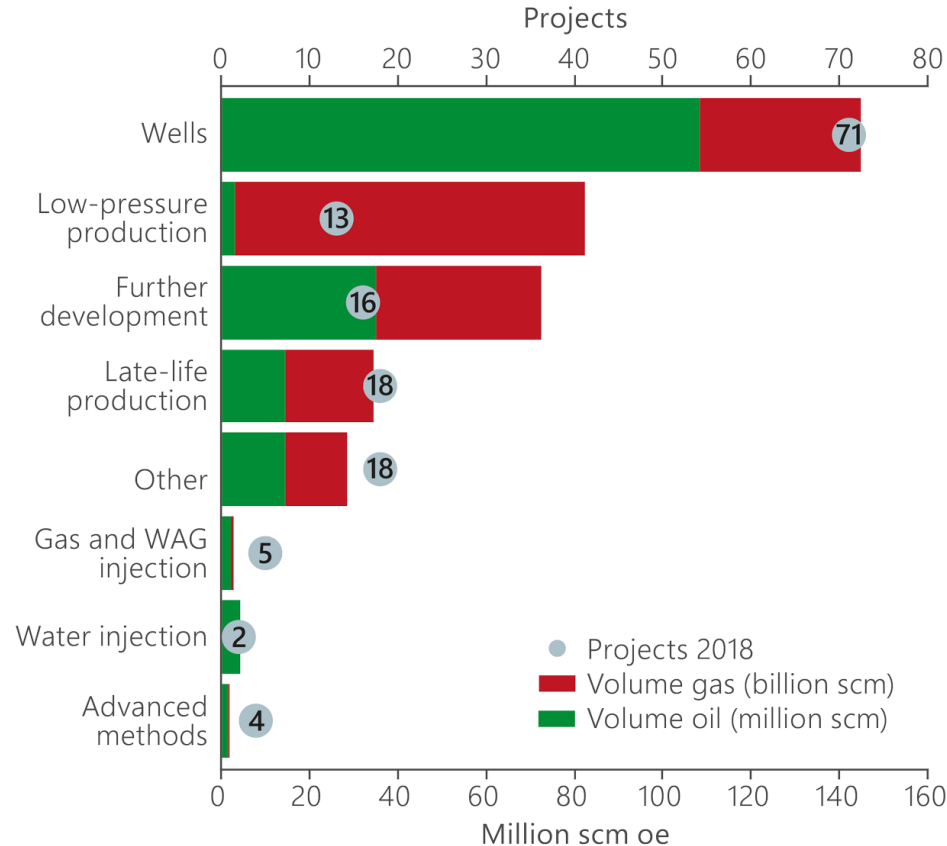

Figure 3.8 Technical and scaled EOR potential with uncertainty ranges.

Where are all the increased recovery projects?

**A significant resource base
providing great opportunities**
